APRIL 2016

PEAK OFFERS GUARANTEED PERFORMANCE ADVISORY PROGRAM

Peak Performance Physicians, LLC is pleased to announce the offering of our Guaranteed Performance Advisory Program. Due to our proven success in advising both hospital affiliated and private medical practices from both a financial and operational standpoint, we are offering our Management Advisory Program on a fully refundable basis. Effectively, we will guarantee that your practice operations will see an increase in profitability equal to or greater than the amount of our fees within twelve months of implementing our recommendations or we will refund our fees in full!

We begin this Program through the performance of our complimentary Medical Practice Financial and Operational Analysis in order to determine areas for profitability improvement potential. Based upon our findings, we will offer our Guaranteed Performance Advisory Program on either a flat fee, percentage of collections or percentage of bottom line improvement basis.

We are able to offer this Guaranteed Performance Advisory Program due to our many years of success regarding the implementation of our licensed program, "The Five Levers of Profitability". This Program includes the intellectual property we have developed and implemented with our elite medical practices and also includes our proprietary methodology for practice improvement initiatives, those being Reimbursement Systems, Billing and Collection Processes, Accounts Receivable Management, Operations Improvement and Practice Growth. Indeed, the utilization of our proprietary "Peak Benchmarking/Metrics System" allows practices to focus on specific areas for performance improvement initiatives.

We look forward to hearing from you regarding your interest in our Guaranteed Performance Advisory Program and feel free to contact us directly with any questions.

For further information regarding the Guaranteed Performance Advisory Program,
